"TIP TOP" ROAD TO COST \$1,863,600

Will Intersect Breckinridge County At Fordsville And Falls Of Rough.

Frankfort, Ky., Aug. 21.—State Road Commissioner Rodman Wiley today sent to the fiscal courts of Daviess, Ohio, Breckinridge, Grayson and Hardin counties revised plans and estimates of cost for the proposed "Tip Top" Federal-aid highway from Owensboro to Tip Top.

The highway will cost approximately \$1,863,600, according to the road department's engineers, and this amount is apportioned among the five interested counties so that they will be required to raise the following amounts:

| | |
|--------------|-----------|
| Daviess | \$36,400 |
| Ohio | 104,800 |
| Breckinridge | 61,200 |
| Grayson | 262,720 |
| Hardin | 238,800 |
| Total | \$703,920 |

Road Commissioner Wiley calls attention to the fact that the road will not be designated until each of the five counties have raised their quotas and they are given until October 1, to do so.

The estimate and description of the various units of the road in Daviess, Ohio and Breckinridge counties are as follows:

Daviess County.

From the town of Whitesville to the Ohio-Daviess line, 3-8 miles. Estimated cost, \$72,800. County part, 50 per cent., equals \$36,400. (Note) The road from Owensboro to Whitesville, while new is not as wide as is required, but that road will be accepted in its present conditions, however if the county authorities so desire the road can be widened to a standard width and the Government will participate in such cost.

Ohio County.

From the Daviess-Ohio line to the Ohio-Breckinridge line by way of Fordsville, twelve miles. Estimated cost \$262,000. County's part 40 per cent equals \$104,800.

Breckinridge County.

From the Ohio-Breckinridge line to the Falls of Rough, eight miles. Estimated cost \$153,000. County's part, 40 per cent., equals \$61,200.

CLOVERPORTERS WILL GET GLIMPSE OF NC-4.

The NC-4, the American sea plane which was the first to cross the Atlantic, will be on the Ohio River sometime next month, probably during the State Fair week. However the definite date will be announced later.

The NC-4 will be accompanied by the destroyer Isabel, and will make the trip from St. Louis to Louisville, following the Ohio. Arrangements have been made for it to stop in Owensboro for a short time.

The people of Cloverport will at least get a fleeting glimpse of it as it makes its trip to Louisville.

STATE S. S. CONVENTION CLOSED AT ASHLAND.

Miss Nannie Lee Frayser Elected Delegate To World's S. S. Convention In Tokio.

The State Sunday-School Convention, which was held last week in Ashland, Ky., closed on Friday after the election of officers, and deciding upon Louisville for the next meeting place.

Miss Nannie Lee Frayser, of Louisville, was elected delegate to represent the World Sunday-school Convention in 1920 at Tokio, Japan.

These are the new officers elected: President M. T. McElowny, Winchester; vice president, Lee Burk, Owensboro; treasurer, Clarence Watkins, Louisville; Executive Committee, A. C. Hunter, Versailles; the Rev. C. F. Krater, the Rev. Henry H. Sweete; Thomas P. Gordon; M. S. Barket; Huston Quinn, all of Louisville, and George B. Minary, of Versailles; J. W. Henderson, Ashland; W. P. Hall, Louisville; George C. Lowry, Hopkinsville.

Let's Pass Ohio.

Recent reports of the Treasury Department show that Ohio still leads in per capita purchase of War Savings Stamps. Ohio took the lead when the Stamps first were put on the market and has retained it. Montana has the largest per capita sales among states of the ninth federal reserve district.

COUNTY AGENT'S RESIGNATION

Takes Place Sept. 1. Has Two Offers For Other Positions. Mr. Loy Takes His Place.

Breckinridge County's Farm Agent, Joseph W. Harth, has resigned his place and his resignation takes effect September 1. Mr. Harth, whose home is in Hardinsburg, has been offered two other positions, one of them being with B. F. Every & Co., of Louisville.

Mr. Harth is the first man to serve in the capacity of a County Farm Agent in Breckinridge county and no doubt in his two years of service he has had many difficult propositions. Altho, through his perseverance and hard work, he has developed in certain parts of the county, much more of the get-together spirit among the farmers and has put the standards of farming and stock raising on a higher plane, and too he has created interest among a larger number of county boys by having the pig clubs.

Probably Mr. Harth's greatest hinderance has been bad roads and the difficulty of getting from one part of the county to the other. However he has laid a splendid foundation for his successor, Mr. Loy, an ex-soldier from overseas.

The Board of Agriculture met on Monday and accepted Mr. Harth's resignation with much protest, and elected Mr. Loy to succeed him.

NOTICE GIVEN TO ROAD OVERSEERS

Male Citizens Between Ages of 18 And 50 Years To Be Notified Beforehand of Road Work.

It is the duty of all Road Overseers to notify in person or in writing all male citizens between the ages of 18 and 50 years, except ministers of the gospel, at least two days prior to the day set for working the Public Roads; that on a certain day that particular road will be worked. They shall work two days each week until their time is put on the road as required by law—not to exceed, however, six days in all. (The fiscal court of this county, however only requires four days in each year.) In case of emergency—more time will be required. A days work on the road is eight hours.

Over-seers must report to the county Judge, any failure or refusal to work the road. The over-seers must require good work to be done. After the road hands have been properly warned to appear and work said roads by the over-seer, failure to work as warned, said person is subject to a fine of \$2.50 for each day and the court costs.

Any failure on the part of the over-seer to discharge his duty as required by law, subjects himself to a fine of not less than \$25.00 or more than \$50.00 and court costs.

This road law must be enforced and positively will be done by law, not as a matter of choice, but as a matter of duty and right.

I am here to cooperate with you and the county officials in the road work and I am willing at all times to give any assistance I can. I am out in the various Magisterial Districts in the county every day and should you call at my office and fail to find me there—just come back—I will be there some time, I spend practically all of my time on the roads.

John Bloomer,
County Road Engineer.

Faculty Named. Prof. Bowlds Urges Pupils Who Enter To Remain Through Year.

The Breckinridge County High School and the Hardinsburg Public School will open Tuesday, September 2, with the members of the faculty in their prescribed places, namely:

F. J. Bowlds B. S.—State University, Agriculture and related Science. Fred Schultz, A. B.—State University, Mathematics, History and Athletics.

Anne Wyman A. B.—Georgetown College, Latin, English and French. Mrs. F. J. Bowlds—State University, Seventh and Eighth grades.

Mrs. Lela McCubbins—Western Normal, Fifth and Sixth grades.

Miss Clara Eskridge—Western Normal, Third and Fourth grades.

Mrs. Bertha Driskell—Western Normal, First and Second grades.

Prof. Schultz, the only new teacher is a returned soldier and an athlete. Before going to war he was principal of the Madisonville High School and the local board was very fortunate in securing him as a teacher.

Pupils who enter school are urged to begin with a determination to do a whole year's work, or at least get their credits in half year subjects. If a pupil drops out of school just before the end of the term, he fails to get credit for that term and should he ever returns will have to do the same term's work over or pass an examination on it.

Required For Graduation.

In order to graduate from the High School a pupil must have 16 credits, which means that he must finish on an average four subjects a year for four years. Part of these subjects are prescribed and part are electives.

The High School offers two courses the classical and the agricultural. Upon graduation of either course the pupil is prepared to enter college. The classical is the same as has heretofore been offered.

In the agricultural course each pupil must take two subjects in agriculture. (Continued on Page 8)

He drove to several of the old remembered homesteads but found them changed with changes time brings, but could yet enjoy the water from the old family spring and remember its old time coolness and flavor. While in town Mr. and Mrs. Skillman were guests at the Commercial Hotel where their friends were delighted to meet them. Mrs. Skillman was a native of Hardinsburg, and a sister of Attorney Robert Bowmer deceased.

"Mr. Skillman is eighty-seven years old. He and his wife are hale and hearty and enjoy every moment of time but say they live with their remembrances of the past."

ACCIDENT MAY LEAVE HIM BLIND

Sammy Hendrickson Returns From War Zone And Meets With Severe Accident.

Sammy Hendrickson, twenty-three year old son of Mr. and Mrs. O. W. Hendrickson, of Hardinsburg, Route 2, returned unscathed from several months service in the war zones of France, to meet with a severe accident, which may result in the loss of both eyes, while working in Cincinnati. Hendrickson met with the accident two weeks ago while he was employed as an electrician for a Cincinnati firm, and was assisting in wiring an office building in that city. It is stated that as he entered the elevator to go to another floor, he didn't quite get inside the elevator elevator to go to another floor started and he fell, catching his head between the floor and elevator shaft. For a time it was believed the accident would be fatal, but the young man was removed to the City Hospital where he is slowly recovering altho little hopes is held for saving his eyesight.

The accident happened on Hendrickson's first day at work, which was Friday, August 8. He had only been in Cincinnati a few days and had gone there from home after visiting with his parents on his return from overseas. He served with the Electrical Engineering Corps in France and liked his work so much he could hardly wait to get to Cincinnati to start in again.

Mr. O. W. Hendrickson has returned from a visit to his son, and as soon as young Hendrickson is able he will be brought home.

TWO CLOVERPORT MEN BID FOR WEBB FARM.

The Webb Farm was rented to Wm. Lambert at the court house door on Monday, for \$2,125. Mr. Lambert has been on the place for the past four years and has paid each year \$1,500 rent for the farm. It is said that S. Rosenblatt is really the man that rented the farm and that Mr. Lambert was bidding for him, and that there has been an agreement between Mr. Lambert and Mr. Rosenblatt whereby Mr. Lambert becomes the manager and foreman on the farm. As soon as it became known that Mr. Lambert was not bidding on the place for himself alone some of his neighbors got into the fight and run the place from \$1,500 to \$2,125. It seems that a partnership had been formed between E. J. Snyder and W. C. Robinson, whereby the place was divided by agreement each paying a portion of the rent. They run the place to \$2,100. W. J. West and a Mr. Beavin, of near Cloverport, were bidders on the place until it reached nearly the \$2,000 mark. Joe LeMastus was a bidder, but quit early in the game or about the time that it went over \$1,875.

I raised the pig that won first in the Pig Club last year. I have them good enough to win, again this year, if properly fitted, and they are priced worth the money too. These are the kind of pigs that go out and make good and please their owners.

In a few weeks I will be weaning some of the best pigs that I have ever raised. See them before you buy elsewhere. Here you get the pig you buy; no drawing for choice, no lottery. I sell hogs and satisfaction.

The sows of my herd come from three of the best hog-producing states of the Union. I have never let money stand between me and the hog I wanted to improve my herd.

I also have two males large enough for service from a litter of ten, choice individuals, for sale now.

The pork barrel is the end of the hog. I have the kind that fill it.

The sow pigs are all sold. Choice mail pigs for sale at weaning time.

The charm of simple but tasteful ornamentation and classic lines is definitely expressed in this showing of Autumn Millinery. Attractive colorings, rich fabrics and artistic designing have been combined to make your Fall chapeau a thing of beauty and a joy forever.

The First Frocks of Fall Arrive in Numbers

Soft woollens, originally developed in colorings suggestive of Autumn leaves, proclaim these Frocks as new and entirely different. The selling is most opportune, for now of all times most women wish to select those Tricotine and Serge Frocks, which are so important in the wardrobe, for the crispier days soon to come. Belts, buttons, embroideries and various other style features accent the charms of these early modes.

DISTINCTIVE BAG FOR ALL OCCASION WEAR

For what becomes the new Fall Suit or daytime dress is out of keeping with the frock of printed Chiffon or Georgette one wears to luncheon and the matinee.

Envelope purses of fine pin seal or grain Morocco are more lined with mirror and purse inside. Bags of Velvet and Moire silk have frames of silver, shell or hand-carved ivory, with small drop mirror and envelope purse in their shirred silk pockets.

Most popular of all is the decorative beaded bag, that comes in varying shapes and sizes, some patterned with conventional designs, while others are lovely with flowers or birds or landscapes in brilliant colorings, and silken linings that reflect the sheen of the finely woven beads.

OUR TRIP IN THE EAST.

The writer is at home from a very interesting and enjoyable trip to the great city of Boston. It is truly a wonderful city filled with so many places of interest that it takes one back to the days of our forefathers and the foundation of our American liberties. It is an inspiration to tread on the sacred soil where the fathers of our country lived and died and left us a legacy that has stood like a solid rock for centuries. We came home with a new vision for a better town, a better community, and a better state. We need, all of us, to get together, pull together and get the spirit of cooperation for better things, better schools, better roads, and harder work. Great opportunities are just ahead of us we must grasp them and I am sure we will.

Jno. D. Babbage.

A. T. BEARD HONORED.

A. T. Beard, our efficient County Court Clerk, has been elected Secretary and Treasurer of the County and Circuit Clerks Association of Kentucky, at a meeting held by the Association in Louisville, August 13, 14, and 15.

This is a very distinguished honor given Mr. Beard and his home people appreciate it. Mr. Beard is a fine officer, a good business man with up-to-date progressive ideas and lends a helping hand in all movements that are good for his county and state. The Association has made no mistake in electing him to these important offices.

ROAD COMMISSIONER RESIGNS

Mr. Rodman Wiley Will Become Associated With Ky. Rock Asphalt Co.

The Louisville Courier-Journal of Friday, August 22nd., contained the following announcement.

"Rodman Wiley, Commissioner of Public Roads for three years, has tendered his resignation to Gov. James D. Black, effective September 1.

"This announcement was made Thursday by Wiley in a telephone communication to C. Frank Dunn, secretary of the Lexington Board of Commerce.

"Wiley will become associated with the Kentucky Rock Asphalt Company, Louisville, in the capacity of chief engineer.

"Wiley's term of office would not expire until July 1920. During his incumbency he has promoted a State-wide programme of road development that has made Kentucky one of the foremost States in road construction.

"Wiley is a graduate of the College of Engineering, University of Kentucky, being honor man of the class of 1916."

DEATH BY PREVENTABLE ACCIDENT.

Last year 1,258 people in Tennessee lost their lives by accident. Railroad accidents were responsible for 273 of these fatalities; automobile accidents for 87 of them; the remaining 898 were due to a great variety of causes; but it is worth noting that most of them were in the country districts. It is also worth noting that while people find a great many ways of getting killed, there are certain accidents that appear as causes of death year after year with depressing regularity.

Every year children are burned to death by falling into unprotected fireplaces, or into tubs of hot water, or by being fastened up in houses while their parents go away. Every year men are killed by having loaded wagons, or the improperly placed loads of wagons, overturn upon them. Every year men are caught in the harness and dragged to death by horses or mules. Every year men are killed by trusting "gentle" bulls or "safe" stallions.

"Safety first" is a good motto. Let us remember it a little better.—Southern Agriculturist.

EDUCATIONAL RALLIES HELD

(Continued From Page 1)

nies and other means of getting the people together are being planned many counties already having notified the Illiteracy Commission that arrangements are complete.

Among the local speakers in the various counties will be found many former state, city and county officials, as well as those now holding office. Mrs. W. L. Beardsley, of Harrodsburg, former secretary of the Kentucky Federation of Women's Clubs; D. M. Hutton, of Harrodsburg, former president of the Kentucky Press Association and former Circuit Judge; J. R. Layman, of Elizabethtown, and President Harvey Murdock, of Buckhorn College, are some of the prominent local speakers who are aiding the county work.

The counties in the purchase have postponed their educational campaign until the first week in September following conference with the Illiteracy Commission, due to the fact that a chain of Institutes are being conducted in that section this week.

Pike county decided that one week was not enough in which to reach every section of the county and inaugurated their campaign last week. Their work will continue two weeks and will come to a close Friday afternoon when Governor Black will deliver an address at the final rally.

"A LESSON FOR YOU."

I am going to write this story
And perhaps it might help you,
And keep you from getting into trouble
Over Bad Women, Gambling and Booze.

Now suppose you're a Gambling Man,
And always make a big win;
But when you start to lose your money,
Then, that is where your trouble begins.

You will win awhile, then you will lose,
Then you will get mad and lose your head
But when you start to lose your money,
Then that is where your trouble begins.

But suppose you're a Ladies' Man
And they will call you a Duke,
But after they get all your money
They laugh, and call you a fool.

There might be one, you call your woman,
And you will say that "She is the best in the world."
And then you will get in trouble again,
For, about her, you will kill some man.

But suppose you are just a plain Old Drunk,
And who, for him self, he has no pride;
And when he gets his Bottle of Booze,
Don't care whether he lives or dies.

Of course every man knows his life,
But I will tell you before you begin:
"That of you take anyone of these three
You will come to a sorrowful end."

There is one thing about Sporting Life
That I will try to reveal.
"It takes money to live up to it,
And to get it you will 'Murder, Gamble Steal'."

Now take a tip from one who knows,
And let that gay life alone;
And get you a nice little Wife and Home,
And have you a Happy, Home Sweet Home.

Now if you choose this gay high life,
And then you get in a hole;
It will be too late then, to weep and moan,
And say, "I wish that I had another show."

Perhaps you will say, "That I can't have any fun
If I don't gamble and run around all night."
But there are plenty of people having fun
And living a respectable life.

Now after you read this little tip
It is up to you to decide,
But every one can lead a respectable life,
If they will only TRY, TRY, TRY.

Composed by Louis A. Harris, who died in the Electric Chair, Friday morning at dawn, June 6th, 1919 at 4:32 A. M.

Louis A. Harris, 21 years old, of Maysville, Ky., sentenced to die in the Electric Chair, at the State Penitentiary, Eddyville, Ky., for the wilful murder of his wife. Just two hours before he walked from the death chamber to pay the penalty, he wrote the above poem, dedicated it to other prisoners awaiting the death sentence and more so for those that will again go out into the world, to make life better than it has been in the past, and undoubtedly gives them the best of advice.

TRAINED U. S. TIRE MEN.

A conference of the service men of the United States Tire Company was held recently at the company's Hartford factory. The gathering included men from every state. The service men form that part of the company's staff which advises the consumer of the best means of getting the most miles out of his tires. The purpose of the conference was to acquaint the service men fully with the latest developments in tire manufacture and the best means of avoiding tire trouble.

Carey Mica-Kote—

THE BODY of this durable roofing is made of Carey Woolfelt thoroughly saturated with the toughest, most elastic asphalt compound. The surface is thickly coated with mica (isinglass) put on at 400 degrees of heat and rolled in under heavy pressure.

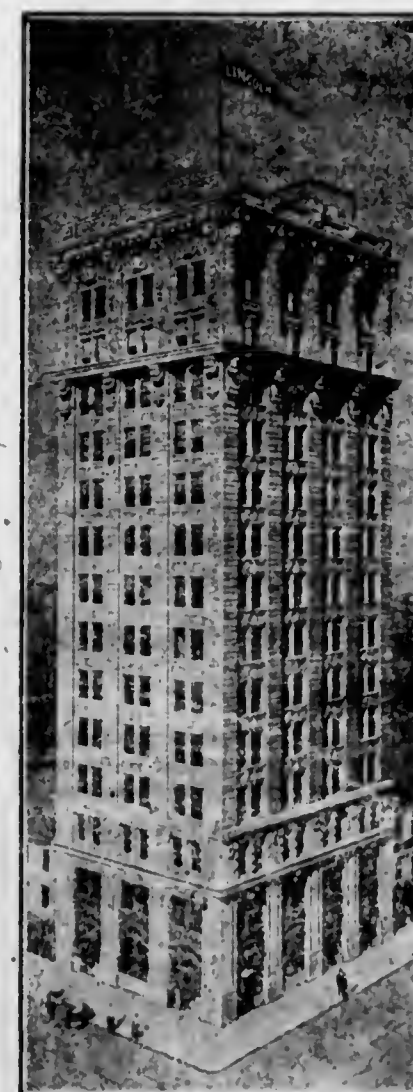

Mica makes the roofing spark-proof; It stands three thousand degrees of heat. It is a protection against lightning—being the most perfect non-conductor of electricity obtainable—used in electric light bulbs. No superior to mica as an insulator has ever been discovered.

Tough, durable, weather-resisting, fire-resisting, Mica-Kote Roofing will keep your buildings warmer, and give you long service at astonishingly low cost. Made in three weights. Ask us about them.

Give Me a Friendly, Natural Hand-shake

an' a friendly natural tobacco. Keep yo' put-on airs an' "sauced-up" tobaccos for the fellow that likes nut sundaes better than home made pie—

So says a friend of ours named Velvet Joe. And ho just about hits the nail on the head.

Velvet is made for men who think there's no smoko like real tobacco. If you are that sort of man, listen:

Velvet was born in old Kentucky, where more than one good thing comes from. It was raised as carefully as any other Kentucky thoroughbred. But the real secret of Velvet's friendly qualities is its slow natural ageing in wooden hogsheads. Ageing in the wood never hurt anything—and least of all, tobacco.

And so we say, Velvet is good tobacco—nothing more or less. It runs second to none.

The picture of the pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

MEMORIAL

In loving memory of our daughter, Pauline, who fell asleep July 15, 1919. She is gone but not forgotten. She is not dead but sleeping in Jesus.

How we miss her bright face
And her sweet smiles.

A voice is still heard
A vacant place in our home
Can never be filled.

Friends may think the wound is healed.

But little do they know the sorrow,
That lies within our hearts concealed.

Sadly missed by her mother and all.

Sues To Set Aside The Will Of Mrs. S. Parker.

Suit to set aside the probate of the will of Sarah E. L. Parker, who died March 4, 1918, was filed in Circuit Court Thursday by Mrs. Louisiana M. Perkins, niece of the deceased, who alleged that the paper probated is not her last and true will and testament.

The Bank of Hardinsburg & Trust Company, executor of the will, and Mrs. T. J. Minary, Mrs. Robert Vaughan, Lewis J. Perkins, the Methodist Episcopal church, South, Lewisport, Ky., and other beneficiaries under the will are made parties to the suit.

The Louisville Trust Company, executor of the will of Gen. Bennett H. Young, also is made a party to the suit, as a bequest of \$1,000 was left to Gen Young for the Jefferson Davis Park.

The petitioner received one-fifth of the personal estate, the amount not made known, the testatrix saying that the niece had been amply provided for by having received five times as much from the estates of the father, mother and brother of the testatrix as she herself received.

The value of the estate is \$100,000.—Courier-Journal.

SUCH LUSCIOUS PEACHES.

Mr. J. K. Drinkwater, faithful to his promise of early fast Spring, on Saturday last treated the members of The Breckinridge News office to some of the largest and most luscious peaches in his orchard on the Locust Hill Farm, Tobinsport. The peaches were very rare in quality and beyond words in their deliciousness of taste.

Mr. Drinkwater says the peaches this year are a failure to a very great extent, and he says if people want to get the best ones of the crop, they had better take the first ones as they are the best. From years of experience as a nurseryman, Mr. Drinkwater well known the condition of fruit crops.

ture or the related Science and do six months project work. The project work is some productive work which a pupil will do under the direction of the teacher of agriculture, which means that a pupil may earn while learning. Parents must agree to assist the pupil and teacher in carrying out the project work.

This year the agricultural course will be open to any person over 14 years old even if he has not finished the common school branches and he does not have to take any other High School subjects. This means that any person in the county who really wants to farm scientifically can come to school and pursue this branch without being qualified to enter the High School in the usual way.

If he does a high grade of work he will be given credit for it then later he may take a full course and graduate.

Persons out of school age may do this work free of tuition.

The subjects taught will be Farm Crops, Agricultural Botany Horticulture, Animal Husbandry, Economics, Zoology, Dairying, or Poultry.

Returns From Oklahoma.

Mr. Hilary Hardin, who has been in Walters, Okla., for several weeks running a threshing machine during the wheat harvest, returned home last week. Mr. Hardin said on account of the rains in that section the harvesting was not finished.

During his absence, Mr. Hardin's garage was left in charge of his son, Julius Hardin and Mr. Chas Jackson.

TIRE TAPE USEFUL.

Tire tape is to the automobilist what a bandage is to a Red Cross nurse and a man who drives a car would as soon think of leaving it out of his tool box as a Red Cross nurse would think of leaving a bandage out of her first-aid kit.

The United States Tire Company advises all its patrons to include a roll of its tape in their equipment. Its uses are innumerable. It is most frequently used to reinforce bad spots caused by blow-outs and punctures. It is also valuable for winding "leaky" electric wires or making temporary repairs to broken rods or rattling parts.

Milk Stations Increase.

Three hundred and sixty men are testing cream and milk in all portions of Kentucky under licenses from the Experiment Station at Lexington. These testers at skimming and receiving stations allow the small farmer who keeps a few cows an opportunity to market the surplus butter fat in his cream on a cash basis. This enormous number of testers shows that Kentucky is rapidly increasing her output of dairy products.
